TOPIC: Safeguards and Security Qualitative Risk Assessment

PRESENTATION SUMMARY: Join the PMI Keystone Chapter Meeting with the York College Project Management Class. Learn about Qualitative Risk Assessment Through Risk Scenario Analysis. Don't miss out on this great speaker and topic! John Piper is a wealth of knowledge and will leave you thinking about Risk Management differently.

SPEAKER:

John Piper

Principal, Bearing Security Risk Management Services, LLC
john.w.piper@gmail.com, 703-303-9791

Mr. Piper retired from the US Secret Service after a 20-year career having served as manager of Forensic Sciences Division and Technical Security Division. Mr. Piper was responsible for security engineering and risk management at the White House and Treasury Department complexes, and other related facilities. Mr. Piper was Chairman of the White House Information Systems Security Advisory Group for 6 years and implemented CIA and NSA trusted system criteria. Mr. Piper then went on to Vice President, Special Projects Sector, for Scientech Engineering and was primarily engaged in technical security projects for US DOE, NRC and DOT. Mr. Piper then served 13 years as manager of global security engineering and risk management for ExxonMobil and, since 2007 is Principal of Bearing LLC, based in Virginia.

While at ExxonMobil, Mr. Piper developed risk management and security engineering best practices. He implemented these through the conduct of over 450 risk assessments, in over 40 countries, in virtually all aspects of oil/gas/chemical operations. Mr. Piper sat on a DHS advisory panel with regard to petrol-chemical sector security and was a member of the ExxonMobil Information Systems Security Committee for 12 years.

Mr. Piper has been contracted for over seven years as one of the cyber security managers for the U.S. DOE nuclear spent fuel programs. Mr. Piper also drafted best practices for NERC and FERC electric power security and resilience requirements.

Since 2007, Mr. Piper has conducted technical security and risk assessment projects for an array of global clients in over 30 countries. Projects included cyber, electric power (including nuclear), petroleum, chemical, nuclear, and manufacturing. Clients include:

RECOGNITION:

We appreciate the continued facility sponsorship by Penn State University – York Campus and York College for our PMI Keystone Chapter Spring and Fall Events – York Managed. We invite all PSU and York College Students and Faculty to attend. Ask us about mentoring.

Normally PMI Keystone Chapter's York Area Monthly Events are held live at YC in the fall and PSU-York PA in the Spring. Due to Covid-19 all meetings in 2022 will continue to be held virtually until further notice.

SPECIAL PMI KEYSTONE CHAPTER MEMBER INVITATION REQUEST: Please, join your professional peers and area college students, and actively participate in the monthly meetings. Proactively contribute your wealth of knowledge, gained through your work challenges, to benefit all in attendance. Our success is because of you and for you. Together we learn, grow, and succeed. Let us know if you wish to be a mentor for a college student.

York Area welcomes all Chapter Members as always! We are one PMI Keystone Chapter bringing events closer to you in numerous areas:

- Attend any area event offering (York, Susquehanna, Leigh Valley, Northeast, Carlisle, and Camp Hill)
- Meet the area managers and support teams delivering the events and enjoy the diverse topics, we offer
- Meet your peers in any area event offering from many different industries and cities in PA

COST: Free for PMI Keystone Chapter members (**must logon to register for free**). Free for York College and Penn State students and faculty (**must use a promo code**). Fee is \$5.00 for non-members. **Get Promo Code from Professor or**
